David Chipperfield's first upholstery collection for Hitch Mylius comprises a range of sofas together with chaise-longue and daybed. Based on a modular system with a footprint of 900 x 900, hm991 is available in a wide variety of combinations in widths up to 3600mm. Frames are of FSC-accredited timber and panel construction with upholstery of graded cmhr foams. Legs are epoxy coated steel finished in a light grey.
